

HBD: INDEPENDENT
LIVING

Welcome to Healing by Dezigns Independent Living!

At **Healing by Dezigns**, we believe healing is a journey, not a moment. We're a faith-rooted organization committed to serving the whole person; emotionally, spiritually, and physically. As they recover, rebuild, and reimagine their lives after trauma.

Our **Independent Living Program** supports single men and women in transition: veterans, returning citizens, domestic violence survivors, and those exiting shelters or recovery programs. We provide more than housing; we offer a space where healing begins.

What We Offer:

- **Fully furnished, drug- and alcohol-free homes**
- **Wi-Fi, cable, and on-site laundry**
- **Safe, structured environment promoting accountability and independence**
- **Staff support with optional meal packages**
- **Flexible living packages:** Basic, Essential, Stability, or Full Support—tailored to your stage of independence

While we don't provide in-house case management or therapy, we connect residents to trusted community partners for these vital supports. **Our focus is housing stability and structure that makes healing possible.**

We Proudly Serve:

Veterans • Justice-involved/returning citizens • Domestic violence survivors • Individuals aging out of foster care • Those transitioning from shelters or recovery programs • At-risk individuals facing homelessness • Low-income individuals needing affordable housing

At Healing by Dezigns, **every individual deserves a second chance**, a safe space, and the opportunity to write a new story. We're honored to be part of your journey.

Welcome to a place of structure, dignity, and healing. Welcome home.
