

HBD: INDEPENDENT
LIVING

CURRENTLY, ONLY ACCEPTING SINGLE MALES AND FEMALES!

WHO WE ARE?

Healing By Dezigns is a faith-driven, purpose-centered organization committed to transforming lives from the inside out. Our work is rooted in a holistic approach that addresses the spiritual, emotional, and physical well-being of those we serve, equipping individuals to rise beyond their past and step boldly into their purpose. Founded on the belief that healing is a process, not a moment, we've walked alongside survivors of trauma, system-impacted individuals, those navigating reentry, and others on the margins of society. Through coaching, empowerment, fashion therapy, workshops, and restorative programming, we've helped countless individuals rewrite their narratives with dignity, support, and hope.
